**Re: Joint Provisional Liquidators (the “JPLs”) of FTX Digital Markets, Ltd. (“FTX Digital”)
Draft Application**

Counsel:

We write to inform you that the JPLs of FTX Digital intend to file an application for directions (the “**Application**”) in the Supreme Court of The Bahamas in connection with the provisional liquidation of the FTX Digital estate. The Application addresses several legal issues that are essential to identifying the creditors, assets and beneficiaries of FTX Digital. These are exactly the types of matters that the JPLs and the Chapter 11 Debtors agreed could be litigated in The Bahamas. The Cooperation Agreement expressly states that it does not “address or compromise any rights or obligations of any Party arising out of or related to the user agreements or other arrangements relating to the International Platform”. Cooperation Agreement ¶ 10.

Enclosed with this letter is a draft of the Application that the JPLs intend to issue in the Supreme Court. The requirement for the JPLs to seek directions in the Application has become urgent. Until the JPLs have some certainty as to who their customers are, the governing law of various agreements and the effect of such agreements, its provisional liquidation cannot progress. This is crucially important because there are various parties who withdrew sums from FTX Digital in the days immediately before the commencement of the provisional liquidation. The JPLs need confirmation that FTX Digital has standing to claw back those payments and needs to take action quickly. Moreover, a determination of the aggregate amount and nature of creditor claims that may be properly asserted against FTX Digital is critical to the progression of the liquidation process in The Bahamas, and to the JPLs’ ability to make reasoned and well-informed business decisions related thereto.
